

# Transfer Guide between Arizona College and Grand Canyon University

## Diploma in Medical Assisting with Phlebotomy – Bachelor of Science in Health Sciences in Professional Development and Advanced Patient Care

General Education requirements, excluding University Foundations and Christian Worldview, will be considered fulfilled in the event a student has completed one of the following Associate degrees:

- Associate of Arts (AA)
- Associate of Science (AS)

In the event a student has not earned one of the aforementioned Associate level degrees, all general education coursework will be required to complete GCU's Baccalaureate degree.

The following table outlines the requirements needed to receive a Diploma in Medical Assisting with Phlebotomy from Arizona College. Within the tables below are preferred courses from Arizona College that are applicable towards Grand Canyon University's transfer-oriented Bachelor of Science degree programs. The General Education courses outlined below are not course to course equivalencies, however they will fulfill the requirements for each competency. If the General Education GCU course has a (+) symbol, it indicates that the transferring course must be a direct course equivalency. All Program Major Transferrable Courses must be a direct course equivalency.

Arizona College – Diploma in Medical Assisting with Phlebotomy	Quarter Credits	Grand Canyon University – Bachelor of Science in Health Science in Professional Development and Advanced Patient Care	GCU Applied Semester Credits

## Transfer Guide between Arizona College and Grand Canyon University

Total Semester Credit Hours Needed to Complete a Diploma in Medical Assisting with Phlebotomy at <b>Arizona College</b>	28.33 Credits
Credits Completed at Grand Canyon University	92 Credits
Credits completed at Grand Canyon University may fluctuate contingent upon coursework successfully completed at the transferring institution. Courses are not listed twice on the transfer guide, so any courses not completed at the transferring institution will still be required as part of the GCU program. Students are required to complete a minimum of 120 credits to earn the Bachelor of Science degree. If the student completes additional courses at the transferring institution, credits may not apply to their GCU program.	
Remaining open elective credits needed to earn Bachelor of Science degree at Grand Canyon University varies based on program major requirements.
