

# Transfer Guide between Maricopa Community Colleges and Grand Canyon University

## Associate in Applied Science in Behavioral Health Science – Bachelor of Science in Behavioral Health Science with an Emphasis in Trauma

General Education requirements, excluding University Foundations and Christian Worldview, will be considered fulfilled in the event a student has completed one of the following Associate degrees:

- Associate of Arts (AA)
- Associate of Science (AS)

In the event a student has not earned one of the aforementioned Associate level degrees, all general education coursework will be required to complete GCU's Baccalaureate degree.

The following table outlines the requirements needed to receive an Associate in Applied Science in Behavioral Health Science from Maricopa Community College. Within the tables below are preferred courses from Maricopa Community College that are applicable towards Grand Canyon University's transfer-oriented Bachelor of Science degree programs. The General Education courses outlined below are not course to course equivalencies, however they will fulfill the requirements for each competency. If the General Education GCU course has a (+) symbol, it indicates that the transferring course must be a direct course equivalency. All Program Major Transferrable Courses must be a direct course equivalency.

Maricopa Community Colleges – Associate in Applied Science in Behavioral Health Science	Credits	Grand Canyon University – Bachelor of Science in Behavioral Health Science with an Emphasis in Trauma	GCU Applied Semester Credits

Total Credit Hours Needed to Complete an Associate in Applied Science in Behavioral Health Science – Maricopa Community Colleges	60 - 65 Credits
Credits Completed at Grand Canyon University	55 - 60 Credits

Credits completed at Grand Canyon University may fluctuate contingent upon coursework successfully completed at the transferring institution. Courses are not listed twice on the transfer guide, so any courses not completed at the transferring institution will still be required as part of the GCU program. Students are required to complete a minimum of 120 credits to earn the Bachelor of Science degree. If the student completes additional courses at the transferring institution, credits may not apply to their GCU program.

Remaining open elective credits needed to earn Bachelor of Science degree at Grand Canyon University varies based on program major requirements.

<b>Total Credit Hours Needed to Complete Bachelor of Behavioral Health Science with an Emphasis in Trauma at Grand Canyon University</b>	<b>120 Credits</b>
