Associate of Arts (AGEC-A) – Bachelor of Science in Nutritional Sciences

General Education requirements, excluding University Foundations and Christian Worldview, will be considered fulfilled in the event a student has completed one of the following Associate degrees:
- Associate of Arts (AA)
- Associate of Science (AS)
- Associate in Business (ABUS)
- Associate General Education Curriculum (AGEC – A, B or S)

In the event a student has not earned one of the aforementioned Associate level degrees, all general education coursework will be required to complete GCU’s Baccalaureate degree.

The following table outlines the requirements needed to receive an Associate of Arts (AGEC-A) from Yavapai College. Within the tables below are preferred courses from Yavapai College that are applicable towards Grand Canyon University’s transfer-oriented Bachelor of Science degree programs. The General Education courses outlined below are not course to course equivalencies, however they will fulfill the requirements for each competency. If the General Education GCU course has a (+) symbol, it indicates that the transferring course must be a direct course equivalency. All Program Major Transferrable Courses must be a direct course equivalency.

Credits completed at Yavapai College may exceed 60 if students choose to take all courses listed above.

**Total Credit Hours Needed to Complete Associate of Arts (AGEC-A) at Yavapai College**

60 Credits

All students must meet 36 Upper Division credit requirement, as well as 30 GCU credits to meet residency requirement. Students must meet Upper Division credit requirement even if content of an Upper Division course requirement is met with a Lower Division course.

#### Symbol Key

- **+** Symbol indicates the Yavapai College course must meet specific content requirements (or higher) in order to fulfill GCU’s course.
- **^** Symbol indicates the Yavapai College course meets the content requirement but does not fulfill GCU’s upper division requirements.
- **#** Symbol indicates this course is a specified General Education course. This means the Yavapai College course must meet specific content requirements in order to fulfill GCU’s course requirement. Please be advised specified General Education coursework is not treated like other general education coursework and is not automatically waived upon completion of a transfer-oriented Associates degree.

Credits completed at Grand Canyon University may fluctuate contingent upon coursework successfully completed at the transferring institution. Courses are not listed twice on the transfer guide, so any courses not completed at the transferring institution will still be required as part of the GCU program. Students are required to complete a minimum of 120 credits to earn the Bachelor of Science degree. If the student completes additional courses at the transferring institution, credits may not apply to their GCU program.

Remaining open elective credits needed to earn Bachelor of Science degree at Grand Canyon University varies based on program major requirements.
